About ELBA

The East London Business Alliance (ELBA) is a registered charity and non-profit agency that has been working to support the social and economic regeneration of east London for more than 30 years. ELBA works in partnership to build the capacity of local organisations through brokerage of business skills, resources and expertise. Its three focus areas are; Community development, Education and Employment. In the past year, ELBA helped place over 300 people into work in London through its award-winning Employment Works programme, delivered over 12,000 business volunteers into the community, and worked with over 300 local organisations in east London.

ELBA is currently an alliance of over 80 member organisations, including major City and Canary Wharf companies, public sector organisations, universities, regeneration agencies and registered social landlords. Organisations join and support the work and aspirations of ELBA by making an annual charitable contribution.

Employment and Skills Team

When ELBA's employment and skills programme was established in 2005, its mandate was simple; to engage our member companies in the local unemployment agenda and help disadvantaged people from East London into work. Since then, we have supported over 6, 000 people into work, thousands more have benefitted from work experience placements, internships, mentors and training.

Our approach to skills and employment embraces the many dimensions of people's lives and recognises the critical junctures disadvantaged communities face when considering aspirations, careers and employment.

ELBA's unique status as a private sector funded regeneration agency, lends itself perfectly to employment and skills agenda. Our membership base of over 80 employers provides access to their opportunities, supply chains and strong market knowledge; enabling us to galvanise and drive this crucial work forward. With over 30 years' experience of serving East London, our unrivalled independent position has allowed us to develop a reputation for being employer led in our ethos and commitment to quality and evidence of success.
