Community Partner Survey 2020 Results

1,165 volunteering activities

3,027 volunteers engaged

12,500 hours given

81 trustees placed

£121,889.31 Gift in Kind

177 organisations supported

Introduction

The ELBA (East London Business Alliance) and the BIG Alliance (Business for Islington Giving alliance) teams aim to create opportunities where corporate partners can drive positive change in the east London and Islington communities, and vice versa. The annual Community Survey sheds light on the work we have done with our community partners through:

- Connect drawing on the professional business skills of employee volunteers to build the capacity of community partners and their beneficiaries
- Challenge organising team based volunteering events in which corporate volunteers engage in local projects to support the community

2020 was a challenging year due to COVID-19 and collaboration between corporate partners and community partners has never been more important. ELBA and the BIG Alliance have continued to forge these links and are proud to have been able to adapt to the unpreceded times, identify the new needs in the community and respond with care and consideration.

ELBA was able to adapt many of its volunteering opportunities and take them online. Consultancy and capacity building sessions took place virtually, as well as activities like BoardMatch and Leaders In Partnership. Practical Team Challenges have not been able to take place due to COVID-19 restrictions, however teams have engaged with virtual events and fundraising activities to tackle issues presented by the pandemic.

2020's Community Survey was completed by 58 community partners working with ELBA and the BIG Alliance (BIG), representing a response rate of 44.6%. The survey contained a mix of open-ended, multiple choice and rating scale questions. Some

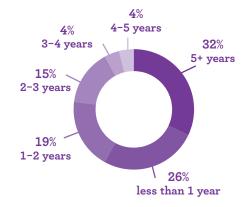

of the data has been retrieved from first-party records. Our aim was to shed light on how ELBA and BIG's work, including our COVID-19 response, was perceived by our community partners over 2020¹ and how we might improve our services.

We are pleased to reveal that the overall response was positive and that employee volunteer support has had a sustainable and positive impact on our partners?

Who we have worked with

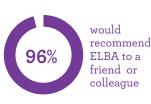

The respondents of the survey consisted of community partners including charities, social enterprises and grassroots organisations. Most partners don't limit themselves to just one cause, 59% focus on several groups/issues/causes in the society.

Duration of partnerships

ELBA's service

would not have received the support elsewhere

"The services provided by ELBA are invaluable to grassroots organisations. The ELBA team should be very proud of the support and services they provide."

- Sam Bosede, The Wickers Charity

^{2. &}quot;Partners" refers to "Community Partners" throughout this report unless stated differently

^{1.} The community survey covers the calendar year of 2020

Impact on community partners

We asked those surveyed how they rated ELBA's impact on their organisations. 91% of our partners indicated that in the longer term³ we were able to help them improve their capacity, 87% were able to improve their capabilities and 62% were able to improve their financial sustainability.

Impact on community partners' services and products

Our partners aim to deliver impactful services and products in the community and we are proud that over the past year with ELBA's support our community partners have been able to:

93% Provide new services/products

78% Reach / engage more beneficiaries

77% Increase the use of their service/public space

69% Spend more time with clients/beneficiaries

69% Employ more staff / take on more volunteers

"We were able to make social services referrals when required, of children we had concerns about, and to get them the support they needed."

- Kay O'Brien, Pearson Adventure Playground

Impact on community partners' governance and management

A robust organisational structure is crucial for effective delivery. With ELBA's support, community partners were able to improve:

92% Operational processes or management systems (e.g. IT, HR systems)

89% Governance and management

88% Existing services/products

85% Staff or team development

82% Staff or volunteer's knowledge and ability

"With the help of ELBA we have been able to form an advisory board. The members of the advisory board have been so helpful and supportive assisting with our strategic growth."

- Portia Louis, manager of the Nurture Academy

Impact on community partners' local area and community

Our community partners aim to make an impact in the local area and/or community. With ELBA's support, they were able to make a difference by increasing or improving:

Impact on community partners' organisational and financial sustainability

During economic difficult times, ELBA identified the need to improve our partner's sustainability. We are pleased to have supported our partners by improving or diversifying their:

79% Ability to maintain the number and quality of staff / volunteers	
78% Fundraising strategies	
69% Ability to identify opportunities and minimise threats	
65% Financial system	
61% Their sources of income and financial administration	
56% Ability to deal with financial problems	
55% Financial management skills of employees	

"Through working with ELBA we were able to work with Accenture in making our organisation more financially viable. Accenture built us a new website which is fantastic and easy to use, identified funders and did parent/child surveys for us. We wouldn't have had this support without the support of ELBA."

- Pat Macantsionnaigh, manager of Evergreen Adventure Playground

77% of our community partners have benefited from more than one of the impacts named above, making the received support broader and more diverse.

"ELBA have invited us to training around finance, we had office furniture donated for our new centre and we have received free Toys for our children."

- Safia Jama from Women's Inclusive Team

Impact on beneficiaries

24% of community partners surveyed had volunteers work directly with beneficiaries. As a result of ELBA's support, these beneficiaries gained or experienced:

100% Social interaction they otherwise wouldn't have

100% New skills or an increase in personal effectiveness

100% Direct positive impact on their quality of life

100% Knowledge & awareness of careers and job opportunities

70% Hard skills such as interview or CV skills

69% Positive change in behaviour or attitude

67% Long-term change in situation, e.g. got a job

Competency progress is a key focus of many of ELBA's projects with beneficiaries and we are proud that 100% of our beneficiaries gained or improved at least one competency. Using the Skills Builder framework we assessed the skills that beneficiaries have gained:

62% Communication (spoken written) and listening

54% Staying positive & solving

Teamwork, leadership

31% Self-

"For me personally Leaders in Partnership has definitely impacted on my leadership and communication skills, and my ability to adapt and be resilient when there is a lack of leadership above me. Being on the programme helped me learn how to move forward when the future is unclear and this has had the secondary effect of improving my mental health as I worry less now and feel less anxious generally."

- Rebecca Simpson, beneficiary from Reraise and participant on our Leaders in Partnership programme

Covid-19 support

Immediate needs

Due to COVID-19 and its consequences, needs in the community have drastically changed. With our support 74% of community partners were better able to manage the impact of COVID-19. By focusing on immediate needs, we were able to:

Donate £22,230 worth of food

Donate 188 laptops to young people

Host 204 befriending calls with 21 elderly people

Send 1200 letters to 90 elderly people in isolation with memory disorders

Connecting with the community

As well as providing direct relief from the consequences of COVID-19, our partners also felt more connected to the wider community and corporate partners. Of our community partners:

felt more connected to other community partners

felt more connected to the wider community including corporate partners

"It's always good to know that there are people out there working to find support - at a time when many services contracted or ceased, it was great to see ELBA's resourcefulness and ambition in the face of a global tragedy."

- Cameron Bray from Barking and Dagenham Giving

ELBA wants to thank our community

partners to for their amazing work in the community; by building bridges between different organisations we have been able to drive positive change and will continue doing so in 2021.

Mid and long-term needs

ELBA also focused on mid-term and long-term needs by supporting our partners in:

78% Tackling inequality and structural problems 78% Upskilling staff 71% Providing materials and tools for beneficiaries 69% Upskilling beneficiaries 56% Supporting those who have lost their jobs 40% Refreshing & maintaining open spaces, i.e.parks 30% Providing support to education leavers & labour market entrants
